How to use this planner

1. **Set your goals** — the exams you're writing, the grades or score you need and the course and school you want.
2. **List your topics** — copy the topics for each subject from the official syllabus (WAEC, NECO and JAMB publish theirs) into the topic trackers. Tick each stage as you go.
3. **Plan every week** — fill in a weekly timetable on Sunday. Give more time to your weakest subjects.
4. **Practise past questions** — the best preparation. Record your scores and the topics you got wrong.
5. **Take mock exams** — under real timing. Track your scores and watch them rise.
6. **Review mistakes** — write them in the mistakes log and re-test yourself a week later.

Print tip: print the weekly timetable, daily plan and topic tracker pages as many times as you need — or fill this planner in on a tablet with a PDF app.
